

2003 USA TEAM UNIFORMS

Now available to all

Buy yours now and help support our National Team

Once again, it is a World Orienteering Championship year (now an annual occurrence). And with the changes in the format have come changes in the size of the team ~ now 4 men and 4 women. Even with fewer members to support for the WOC, budgets are tight and we are again looking to the greater orienteering community for help.

You have the opportunity to purchase new top quality orienteering suits from *Trimtex*, the official supplier of the US team uniforms. There are a multitude of options available, including the built in gaiter with leg elastic, and the extreme trainer suit. The extreme trainer is excellent apparel for colder weather orienteering training; more durable than spandex but not as bulky as other warm-up suits. It's a win-win: you get great orienteering gear at the standard retail price and the team receives your generous and much needed support!

Item	Price
O-Shirt SS	\$ 55.00
O-Shirt LS	\$ 60.00
O-Pants Knickers	\$ 29.00
O-Pants Long	\$ 34.00
O-Pants Elastic	\$ 39.00

Extreme Trainer Pant	\$ 58.00

About 40% goes to the Team
Discount for all US standing team members

The supporter version is identical to the Team uniform with two exceptions.
The Team shirts will say "USA" and the trainer jackets will say "USA ORIENTEERING". The supporter version will not have the printing.

Orders due May 10

All this has been made possible in the US through Scarborough Orienteering, <http://www.orienteer.com.>, and Trimtex has made the uniform available at a special national team price. We thank them for their help and support.
